

Dear Parents and Families,

Thank you for your interest in our school. Studies have shown that a quality Montessori education for children between ages 16-months and 6 years of age makes a tremendous difference in the overall educational outcome of the child. Village Montessori is a family owned business that begun 10 years ago to educate my own children. Since then we have grown to serve our friends and this community by offering an authentic Montessori environment within a home-like, carefully prepared and secure environment.

The Montessori Method of education is carefully designed to assist the child at each important phase of physical, brain and social/personality development. Montessori is a scientific method created over many years of research and observation. Montessori children develop self-esteem, empathy and a vigorous academic curiosity which provides them with the most important base from which to master skills and foster strong relationships as they progress through their educational life.

We are members of the American Montessori Society (AMS) and follow their codes of ethics. We focus on the individual child, allowing him/her to drive their own learning experience through instinctive curiosity and desire for exploration. This education is guided, and nurtured, within fully bi-lingual classrooms and our natural outdoor setting by trained Montessori teachers and assistants within fully bilingual classrooms and our natural outdoor setting.

We are honored and grateful that you are considering Village Montessori for your child. We truly believe the words of Maria Montessori when she said, "Your child is both the hope and the promise of mankind".

Welcome to Village Montessori.

Sincerely,

Joan Rodriguez Malone

OUR MISSION

We inspire the cognitive, emotional and physical development of each child in a secure & joyful environment that encourages them to engage the world through exploration, collaboration and creativity

How we implement our mission

- We offer a safe and supportive environment that nurtures children's unique gifts and naturally guides them to become attentive, curious, and self-directed, to discover the actual richness of the world that surrounds them.
- We help children discover positive self-awareness and strengthen their connections with others in the environment, giving them the ability to realize their fullest potential.
- We provide guidance and education to our community of parents, so they can more effectively support and guide their children's development.

PARENT INVOLVEMENT

Enrolling a child in a Montessori school involves a commitment on the part of the parents to extend Montessori principles into the home. In addition, attendance at parent conferences, meetings, and workshops is expected. Parents will be invited to participate in various projects during the year.

Well-informed parents select a school which best fits the specific needs of their child, in concordance with the school's doctrine, curriculum, and service offerings.

How to support your child at Village Montessori:

Communication

- We have an open-door policy
- Every teacher has an email address designated to their classroom
- Schedule a morning observation with your teacher
- Monthly newsletters keeping you up to date on themed events

Killian Campus 8640 SW 112th St, Miami, FL 33156 • Office: (305) 238-9375

- Involve yourself, volunteer time at the school
- Stay informed, by attending parent teacher conferences and meetings
- Expand your knowledge by attending parent seminars at Village Montessori
- Share your time, knowledge and experiences

Montessori is a way of life and through an active approach to learning and participation; Parents can learn the method for themselves to serve them long after their child has graduated. The methodology of Montessori is most effective when the parents take on the responsibility of involvement with the school seriously. When you enroll your child at Village Montessori, your entire family becomes part of our community. We welcome and encourage the parents to be as involved as possible.

ADMISSION REQUIREMENTS

All children are accepted for a six-week probationary period. Preference is given to transfer students from other Montessori schools and to children who will attend at least two full years before entering first grade. Our program is designed for three years and includes kindergarten.

WRITTEN PERMISSIONS

An enrolled student may leave school accompanied only by parents or those persons stated on the application. Any changes must be made in writing with the signature of child's parent.
